**CALEB FELLOWES**

has participated in the following education session:

### **Best Practice Hip Fracture Care**

Presenter The Nursing CPD Institute

In this session you will:

- Gain knowledge regarding the current best practice recommendations for the diagnosis and pre operative care of patients with a hip fracture
- Attain knowledge regarding recommendations for peri-operative care
- Receive information regarding current guidelines for the various surgical interventions for hip fractures
- Gain specific knowledge regarding current recommendations for post operative mobilisation strategies

Completed on

**03 May 2019 (duration of 2 hour/s)**

**This equates to 2 CPD Hour/s (Continuing Professional Development)**

#### REFLECTION:

Nurses are aware of the importance of adhering to contemporary Best Practice with clinical practice. The attached reference for this quiz The Australian and New Zealand Guideline for Hip Fracture Care is designed to help professionals providing care for people with a hip fracture to deliver consistent, effective and efficient care.
