- Recognise the complications that may arise
- Understand the procedures for accurate monitoring
- Apply best practice principles for the care of these lines

Completed on

**27 April 2019 (duration of 1 hour/s)**

**This equates to 1 CPD Hour/s (Continuing Professional Development)**

### REFLECTION:

While the humour in this article might surprise, the breadth of discussion about arterial lines is extensive. The attached article explains principles for management and monitoring lines that are clear and reflect standard protocols.
