

Certificate of Completion

THIS CERTIFIES THAT
CALEB FELLOWES

has participated in the following education session:

Type 1 Diabetes

Presenter The Nursing CPD Institute

At the end of this session you will:

- Explain the prevalence of T1D in Australia
- Relate the causal factors to disease symptoms
- Understand current approaches to disease management
- Discuss recent advances in prevention and treatment

Completed on

27 April 2019 (duration of 1 hour/s)

This equates to 1 CPD Hour/s (Continuing Professional Development)

REFLECTION:

The complex physiological aspects of Type 1 diabetes gives direction for research and recent advances in technology and management approaches have the potential to reduce the associated risks of premature mortality caused by acute and chronic complications. Remaining up to date with the approaches to management and treatment options patients may be contemplating will ensure our care and education strategies remain relevant.

Cheryl Dezotti

Director of the Nursing CPD Institute
