Growth and Development: Putting it all into practice

Presenter Siglinde Angerer

Clinical Nurse Consultant of Steps in Education

In this session, you will:

- Explore growth and development through a wide lens
- Integrate aspects of observation, listening, available information (through observation and information provided) in supporting growth and development
- Focus on child-centred care
- Discover ways of supporting families and caregivers through clinical reasoning

Completed on

16 April 2019 (duration of 1 hour/s)

This equates to 1 CPD Hour/s (Continuing Professional Development)

REFLECTION:

In this session, we will be looking at case studies with the aim of a clinician being able to work through and identify with the family what they really want support with. In some cases, this may mean that the observed clinical picture is not necessarily matching the concern of the parent/caregiver. We discuss this dilemma further and offer ways of walking with the family to navigate their concerns as opposed to in front of them, providing solutions.
