

## *Certificate of Completion*

THIS CERTIFIES THAT  
***CALEB FELLOWES***

has participated in the following education session:

### **Clinical Practice Guidelines and Principles of Care for People with Dementia 2016**

Presenter The Nursing CPD Institute

In this session you will:

- Gain an overview of the current national recommendations for the care of clients with Dementia
- Learn that particular medications are contraindicated for particular clients with dementia
- Receive information about the processes used to diagnose Dementia
- Gain knowledge regarding the information and support strategies that should be provided to the client and their carers.

Completed on

**03 April 2019 (duration of 1 hour/s)**

**This equates to 1 CPD Hour/s (Continuing Professional Development)**

#### REFLECTION:

Approximately nine per cent of Australians aged 65 and over have a diagnosis of dementia; in people aged 85 years and older this figure rises to 30 per cent. This quiz is based on the 2016 Australian publication Clinical Practice Guidelines and Principles of Care for people with dementia.
