

Certificate of Completion

THIS CERTIFIES THAT
CALEB FELLOWES

has participated in the following education session:

The control of carbapenemase-producing Enterobacteriaceae (CPE) in acute care facilities

Presenter Cheryl Dezotti

Nurse Education Consultant of The Nursing CPD Institute

In this session you will:

- Receive an overview of the current incidence of carbapenemase-producing Enterobacteriaceae (CPE) in Australia
- Attain knowledge of workplace practices to assist with the control of CPE in acute care facilities
- Become aware of the specific screening and surveillance practices for CPE
- Learn the key steps in the recommended CPE outbreak management process

Completed on

07 April 2019 (duration of 1 hour/s)

This equates to 1 CPD Hour/s (Continuing Professional Development)

REFLECTION:

The Guideline Recommendations for the control of carbapenemase-producing Enterobacteriaceae (CPE), A guide for acute care health facilities, published by Australian Commission on Safety and Quality in Health Care in 2017 forms the basis of this session.
