

Certificate of Completion

THIS CERTIFIES THAT
CALEB FELLOWES

has participated in the following education session:

Parenteral Nutrition for Adults

Presenter The Nursing CPD Institute

In this session you will:

- Learn about the indications for and the nutritional assessment of adults requiring parenteral nutrition
- Gain an understanding of the different modes of venous access and the care and management of the vascular access site
- Attain information regarding the different types of parenteral nutrition solutions available for adults
- Receive information regarding the management of complications associated with parenteral nutrition

Completed on

03 May 2019 (duration of 2 hour/s)

This equates to 2 CPD Hour/s (Continuing Professional Development)

REFLECTION:

Parenteral Nutrition (PN) can sustain life when patients are unable to take sufficient nourishment via the gastrointestinal tract for prolonged periods. However, PN is associated with significant risks and complications.

The enclosed booklet on PN by the Agency for Clinical Innovation provides information on PN and the related implications for the patient.

Cheryl Dezotti

Director of the Nursing CPD Institute
