

Certificate of Completion

THIS CERTIFIES THAT
CALEB FELLOWES

has participated in the following education session:

Hepatitis C

Presenter The Nursing CPD Institute

At the end of this session you will:

- Recognise the prevalence and populations at risk
- Explain the aetiology of the disease
- Relate pathology to treatment choices
- Understand the adverse effects and drug interactions

Completed on

03 April 2019 (duration of 1 hour/s)

This equates to 1 CPD Hour/s (Continuing Professional Development)

REFLECTION:

Trials for new treatment therapies and recent approvals for new drugs will have major effects on the way Hepatitis C is managed. These new therapies have less toxicity, will reduce the viral load and prevent the fatal outcomes that are a consequence of this disease. They will allow treatment to be managed by primary health personnel rather than tertiary health services.

Cheryl Dezotti

Director of the Nursing CPD Institute

Certificate #264031 issued by the
