

Caleb Fellowes

Has participated in an online course about:

VISCOELASTIC HAEMOSTATIC TESTING

Major topics covered:

Principles of testing

Clinical use

Guided result interpretation

Completion of this course does not constitute endorsement or credentialing of competency in the use of viscoelastic haemostatic analysers and/or result interpretation.

Additional training and assessment by an experienced and appropriate operator should be undertaken to ensure competency.

Date completed:

20th March, 2019
