

Certificate of Completion

THIS CERTIFIES THAT
CALEB FELLOWES

has participated in the following education session:

Consensus -Application of aseptic technique in wound dressing procedure

Presenter Cheryl Dezotti

Nurse Education Specialist of The Nursing CPD Institute

In this session you will:

- Learn the six components for infection prevention applicable to a wound dressing procedure
- Consider the factors in determining whether to use open-but-unused wound dressings
- Review the criteria that determines when to use potable tap water, shower water and sterile water for cleansing a wound
- Receive an overview of the application of aseptic technique in different healthcare environments

Completed on

07 April 2019 (duration of 1 hour/s)

This equates to 1 CPD Hour/s (Continuing Professional Development)

REFLECTION:

In Australia there remains debate amongst Nurses regarding the application of an Aseptic technique in wound care. In this session, we will review the latest recommendations.
