

Certificate of Completion

THIS CERTIFIES THAT
CALEB FELLOWES

has participated in the following education session:
Iodinated Contrast Media Guidelines 2016

Presenter The Nursing CPD Institute

In this session you will:

- Become familiar with the current guidelines for the management of iodinated contrast media
- Gain an understanding of those clients who are at increased risk of adverse reactions
- Review the pre-procedure considerations that must be undertaken for those clients at increased risk of adverse reactions
- Review the current recommendations for the management of adverse reactions to iodinated contrast media

Completed on

27 April 2019 (duration of 1 hour/s)

This equates to 1 CPD Hour/s (Continuing Professional Development)

REFLECTION:

Nurses may work in Radiology Departments. The 2016 resource Iodinated Contrast Media Guideline by The Royal Australian and New Zealand College of Radiologists has valuable information to support those who are involved in the administration of iodinated contrast media to patients undergoing medical imaging procedures.

Cheryl Dezotti

Director of the Nursing CPD Institute
