

Certificate of Completion

THIS CERTIFIES THAT
CALEB FELLOWES

has participated in the following education session:

Guidelines for the Prevention, Detection, and Management of Heart Failure in Australia

Presenter The Nursing CPD Institute

In this session, you will:

- Gain an awareness of the prevalence of heart failure in Australia and across the globe
- Review the National Heart Foundation of Australia and Cardiac Society of Australia and New Zealand: Guidelines for the Prevention, Detection, and Management of Heart Failure in Australia 2018
- Gain an understanding of non-pharmacological and pharmacological management tools available to those suffering from heart failure
- Explore the nursing management of a patient in acute heart failure

Completed on

16 May 2019 (duration of 1 hour/s)

This equates to 1 CPD Hour/s (Continuing Professional Development)

REFLECTION:

With millions suffering from acute and chronic heart failure across the globe, and many of these presenting in the emergency phase, nurses must ensure that they are aware of the current best practice in the prevention, detection, and management of heart failure.

Cheryl Dezotti

Director of the Nursing CPD Institute
