

Certificate of Completion

THIS CERTIFIES THAT
CALEB FELLOWES

has participated in the following education session:

Tuberculosis

Presenter Dr Margaret Young

In this session, you will:

- Explore the history of and the factors that contributed to TB becoming uncommon in the Western world
- Explore latent and active TB
- Learn the principles of TB treatment and the challenges of antimicrobial resistance
- Review the current burden of disease of TB globally, in Australia, and in PNG

Completed on

07 April 2019 (duration of 1 hour/s)

This equates to 1 CPD Hour/s (Continuing Professional Development)

REFLECTION:

Effective drug treatments for tuberculosis have been available for more than 60 years, however, it continues to cause an immense burden of morbidity and mortality. In this session, we will review the global burden of tuberculosis and identify the principles and challenges of TB treatment and control.
