The Demographic Facts of Ageing in Australia

Presenter Sue Walker

Nurse Education Specialist of The Nursing CPD Institute

In this session you will:

- Gain an understanding of the growth of Australia's older population over the next two decades
- Explore the size and characteristics of Australia's future older population
- Investigate if geography will play a role in service delivery
- Reflect on how we can plan to deliver health services especially Nursing services

Completed on

05 April 2019 (duration of 1 hour/s)

This equates to 1 CPD Hour/s (Continuing Professional Development)

REFLECTION:

There is now widespread recognition that Australia's population is ageing and that this has important implications for the national economy and society. Despite this, there is a considerable misunderstanding of the nature, scale, location and implications of population ageing in Australia.
