

Certificate of Completion

THIS CERTIFIES THAT
CALEB FELLOWES

has participated in the following education session:

Living with HIV in Aged Care

Presenter The Nursing CPD Institute

At the end of this session you will:

- Understand the prevalence of HIV in Australia
- Relate antiviral medication to medication complications
- Recognise the effects HIV can have on ageing
- Understand staff education needs and implement strategies

Completed on

27 April 2019 (duration of 1 hour/s)

This equates to 1 CPD Hour/s (Continuing Professional Development)

REFLECTION:

Providing care to the person living with HIV or nursing a client with AIDs is within every nurse's knowledge and capacity. Today HIV positive clients are of an age where they may need to access aged care. This can be a cause of anxiety to the client and aged care staff. This quiz has assisted me with revising my knowledge of the disease and its current management.

Cheryl Dezotti

Director of the Nursing CPD Institute
